## DEDICATION

This book is dedicated to the memory of the late Shirley Webb. At one time I said I wanted to do the 1870 and 1880 census, and maybe the 1900. Shirley spoke up and said, "Oh, you have to do the 1900." Every time she heard me talking about the 1870 or 1880 census she would add, "And remember you have to do the 1900." This became a joke between us.

To my sorrow, she did not live to see it completed. But, Shirley, here is the 1900 census, just for you. Thanks for your encouragement.

## FOREWORD

The Perry County Census, like the majority of the microfilmed records, was good in some places and bad in other places. Poor writing and faint ink are common faults. There are times when the transcriber can only guess. These guesses will be in parenthesis or a question mark will be used to indicate doubt.

This work is not to be taken as a certainty. It is mainly to be a guide to indicate this person was in Perry County in 1900. Please go to the original record and decide for yourself. I frequently had to doubt the veracity of the enumerator when I would find a 3 year old as the 'Head of Household' or a 'Susan' as a male and a farm worker. In most cases such entries have an asterisk (\*) by them and at the end of the line an asterisk and a question mark. Example--\* ? age, or, ? this.

Much care has been taken to make this as correctly copied as possible, but being human, I am sure there are some errors. Many times someone asks how long it takes to do such a work as this. It was started on October 14, 1997 and finished on March 9, 1998. There are approximately 5590 full names in the Alphabetical Listing and approximately 19,000 persons named in all.

An Order Blank for the Historical Society's books, and a Membership Application for the Historical Society, both of which can be torn out without damaging the book, have been provided for your convenience. Membership in the Historical Society gives automatic membership for the Genealogy Branch of the Society.

Without the help and encouragement of others, this work would not have been done. Thanks go to Donna Timpner Vuichard, who both helped and encouraged and to Mike Francois, who got me started on this sort of thing in the beginning. And last, but certainly not least, Thanks to husband, Leonard, who has been so patient throughout all of the time when I was off in "computer land."

Hopefully this work will help you find that elusive ancestor or family member that you have been searching for so long.

ENJOY!!!

INEZ BOST EISENHAUER

## FOREWORD

The Perry County Census, like the majority of the unpublished records, was good in some places and bad in other places. Poor writing and some ink are common faults. There are times when the transcriber can only guess. These guesses will be in parentheses or a question mark will be used to indicate this.

This work is not to be taken as a certainty. It is merely to be a guide to indicate this person was in Perry County in 1900. Please go to the original record and decide for yourself. I frequently had to doubt the veracity of the enumeration when I would find a 3 year old as the 'Head of household' or a 'son' as a male and a farm worker. In most cases such errors have an asterisk (\*) by them and in the end of the line an asterisk and a question mark. Example: 7 yrs. of 3 this.

Much care has been taken to make this as correctly copied as possible, but being human, I am sure there are some errors. Many times someone will how long it takes to do with a witness that it was started on October 14, 1907 and finished on March 9, 1908. There are approximately 2500 full pages in the alphabetical listing and approximately 12,000 persons named in all.

An Order Blank for the Historical Society's books, and a Membership Application for the Historical Society, both of which can be found out without changing the book, have been provided for your convenience. Membership in the Historical Society gives automatic membership for the Genealogy Branch of the Society.

Without the help and encouragement of others, this work would not have been done. Thanks go to Emma, Margaret, Virginia, who both helped and encouraged and to Mike, Francis, who got me started on this sort of thing in the beginning. And last, but certainly not least, Thanks to husband, Leonard, who has been so patient throughout all of the time when I was off in "computer land".

Hopefully this work will help you find that elusive ancestor or family member that you have been

searching for so long.

TWP 64 CUTLER PRECINCT, Enumerator, James A. Stevenson. (This man wrote much better, pages still blurred on bottom. Not all are filled in on the "can read, write, speak English" columns. Numbers on the left become very confusin-- they are crossed out and a very dim number substituted. The use of strange lettering in a birthplace was later deciphered as Unknown, shown here as Uk.)
